

PRATYUSH CHITRAKAR

Frontend Developer

Lalitpur, Nepal — +9779761692914 — chitrakarpratyush@gmail.com — linkedin.com/in/pratyush-chitrakar/

CAREER SUMMARY

I am a Frontend Developer specializing in React. I architected and deployed OpenJournal, a full-stack platform integrated with Appwrite. Currently a B.Sc. CSIT student, I am focused on delivering clean, maintainable, and production-ready code that meets industry standards.

SKILLS

Languages and Frameworks:

React.js, JavaScript, HTML, CSS

Design:

Tailwind CSS, Figma, Responsive Design

Tools & Technologies:

Git, GitHub, Appwrite (BaaS), Netlify, Axios

TECHNICAL PROJECTS & APPLIED EXPERIENCE

OpenJournal — Full-Stack Developer

2024–Present — Self-Directed Project

- Engineered a scalable Full-Stack architecture by integrating React.js with Appwrite (BaaS), implementing robust user authentication, real-time database synchronization, and automated storage management for a seamless user experience.
- Optimized application state and logic using Redux Toolkit and custom React hooks, reducing component coupling and ensuring efficient data flow across protected routes and complex CRUD operations.
- Architected a mobile-first UI strategy using Tailwind CSS utility patterns, significantly reducing the CSS bundle size and ensuring high-speed performance and accessibility across all device viewports.
- Orchestrated the end-to-end development lifecycle, utilizing Vite for optimized builds and configuring continuous deployment (CI/CD) pipelines via Netlify to ensure seamless production updates.

TECHNICAL STRENGTHS

UI Fidelity:

Precise translation of Figma designs into responsive React components.

BaaS Integration:

Proficient in integrating Appwrite for authentication and real-time data persistence.

Clean Code:

Committed to modular component architecture and maintainable CSS structures.

EDUCATION

Bsc. Computer Science and Information Technology

2024–2028 (Expected)

Patan Multiple Campus, Nepal

Department of CSIT
